MANAGEMENT REPORT ON 2017 OPERATIONS AND RESULTS

At the request of the Chairman, Ms. Mischel Gabrielle O. Mendoza, the Assistant Vice President for Administration, presented the highlights of the Corporation's operations for Year 2017 and reported as follows:

Every company's existence is rooted in unique circumstances, starting at stage one. During its inception in 1993, Pacific Online Systems Corporation (POSC) was ushered into an area of a more traditionalist thought, when principles of business were akin to the art of war. More than two decades later, POSC's performance through time points to the paradigm shift where each operational year represents the unlocking of a new level for the company.

Our business in 2017 upgraded our standards of a banner year. Revenues in 2017 hit Php 2.3 billion, breaking past revenue records of

Php1.8 billion and Php 1.7 billion in 2016 and 2015, respectively. In accordance with our expansion efforts, operating expenses increased by 28% from Php 1.2 billion in 2016, to Php 1.6 billion in 2017. Net income also rose to Php 492.8 million in 2017, an upswing of 23% from Php 400.3 million in 2016.

Our momentum is also driven by the deployment of upgraded Lotto and Keno (Lotto Express) terminals, and this resulted in positive outcomes for our affiliated companies. Our subsidiary, Total Gaming Technologies, Inc. (TGTI), installed 2,410 terminals in 2017, versus 2,020 terminals in 2016. TGTI saw a 24% growth in Keno (Lotto Express) sales. Lotto sales likewise increased by 11% in 2017 compared to 2016.

Pacific Online maintains its stance as a purveyor of hope as it serves its primary client, the Philippine Charity Sweepstakes Office (PCSO), in generating more funds for charity. Recognizing technology as a new and better way of doing things, we develop from within and leverage on that latitude for our stakeholders. As part of our commitment to credibility, we retained our ISO 9001:2008 Quality Management Systems and ISO/IEC 27001:2013 Information Security Management certifications. We also implemented an Enterprise Resource Planning (ERP) system to streamline internal processes.

Aside from our responsibility to our stakeholders, we also value the trust extended to us by our shareholders. From 2013 to 2017, Pacific Online returned a total of Php 1.2 billion to its stockholders, in addition to a 50% stock dividend per share worth Php 149.0 million in 2016. Moving forward, our board of directors and management team will continue to review our dividend program.

2017 was a favorable year for the Company, but these results would not have been achieved without the dedication of our employees, management team, and board of directors, support from our primary partner, the PCSO; the assistance from our external providers; and the backing of our shareholders. It is through the cooperation among all these parties that Pacific Online Systems Corporation can level up and propel itself towards sustainable profitability in the future.

We thank everyone for all your support and we shall level up together in 2018.

The President then thanked the Board of Directors for its valuable guidance, the employees for their tireless dedication, and the shareholders for their continued trust and support in the corporation and the management.

Thereafter, the Chairman opened the floor for questions to be raised on the report on the Corporation's operations.
